

# Map Notes

*Southeast Texas Arc User Group*

- DATE:** September 17, 2009
- TIME:** 10:00 AM – 12:00 Noon
- LOCATION:** Homer E. Nagel Conference Room  
Southeast Texas Regional Planning Commission  
2210 Eastex Freeway  
Beaumont, Texas 77703  
<http://www.setrpc.org/index.php>
- SPEAKER:** Colin Hepburn, JAMA Group
- TOPIC:** Image Storage and Georeferencing

Many times the end user is tasked with locating a feature, sometimes this feature comes in the form of an image. In this presentation, Colin used real world examples of how to store images in a geodatabase with optimal settings (for faster renderings) as well as geo-referencing images to known datasets.

In addition, tips and tricks that Colin has learned along the way enabling users to provide fast and accurate data were demonstrated. Questions and Answer period followed the presentation to address user's questions on a wide range of topics including creation of domains, model builder, and advanced editing.
